We have reason to believe that some of the ablest and most valuable Articles which have recently appeared in the *Princeton Review*, and have been transferred to our pages, are from the pen of Dr Atwater, Professor of Mental and Moral Science in the College at Princeton; such as those entitled, "Recent Works on Mental Philosophy," "Congregationalism," "Logic of Religion," "Mill's System of Logic," "Miracles and their Counterfeits." Dr Atwater seems to be equally at home in philosophical and theological subjects; and certainly he discusses them with great ability.
